# REFOREST

ReForest Platform –  
the collaborative virtual  
hub for agroforestry  
knowledge, innovation,  
and networking

Funded by  
the European Union

This project has received funding from the European Union's Horizon Europe research and innovation programme under grant agreement No. 101060635 (REFOREST). Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency (REA). Neither the European Union nor the granting authority can be held responsible for them.

UK Research  
and Innovation

UK partners are funded by UK Research and Innovation (UKRI) under UK government's Horizon Europe funding guarantee [grant number 10039700].

# ENGAGEMENT PLATFORM

The ReForest Engagement Platform is a virtual hub designed to support agroforestry adoption and collaboration.

Developed under the ReForest Horizon Europe project (project Nr. 101060635), it provides farmers, researchers, policymakers, and advisors access to knowledge, decision-support tools, and networking opportunities to drive sustainable land use.

## Why Join?

Browse the **Knowledge Hub** to find scientific reports, best practices, and decision-support tools.

Collaborate with **Working Groups** shaping the future of agroforestry.

Participate in **interactive discussions** through the platform's forum.

Stay updated with **agroforestry news**, success stories, and upcoming events.

Access data from the ReForest **Living Labs** and public sources curated by ReForest's researchers.

# WORKING GROUPS

ReForest Working Groups bring together farmers, researchers, and experts to address key challenges, develop practical solutions, and exchange knowledge to accelerate agroforestry adoption.

## What are the topics?

- Agroforestry Sector Finance and Policy
- Training & Upskilling farmers for Agroforestry
- Tools for Tree Species Selection for Agroforestry Systems
- Parameterising dynamic tools for country or living lab-specific agroforestry systems
- Agronomic productivity and valorisation of agroforestry products in the network of living labs
- Institutional barriers in European countries

# EXPECTED RESULTS

- Strengthened Knowledge in the field of Agroforestry
- Increased Stakeholder Engagement & Community Building
- Policy and Financial Recommendations for Agroforestry Expansion
- Capacity Building for Farmers & Advisors
- Sustainable Agroforestry Innovation
- A Hub for Agroforestry Events & Updates

The ReForest platform is established and managed by the Euro-Mediterranean Economists Association - EMEA.
